

## **II. Remarks**

Reconsideration and allowance of the subject application are respectfully requested.

Claims 1-5, 11-16, and 19 are pending in the application. Claims 1 and 19 are independent. Claim 19 has been allowed.

Claims 1-5, 15, and 16 were rejected as being unpatentable over Holtzman, for the reasons discussed on pages 2-4 of the Office Action. Applicant respectfully traverses all art rejections.

Claims 10-14 were objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

While specifically traversing the rejection on the grounds that the claimed combination is fully patentable over the cited art, and while preserving Applicant's right to file a continuation application to pursue the broad but patentable claims, Claim 1 has been amended to include the features of allowable Claim 10, solely to secure immediate allowance of the present application.

It is believed that this application is now in condition for allowance, and a Notice thereof is respectfully requested.

Applicant's undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 625-3507. All correspondence should continue to be directed to our address given below.

Respectfully submitted,
